December

NCA Mrs. Watkins / December 2-6, 2024

Math & Science

Bible: - Last week, we did a short overview of the history of Advent and discussed the focus for the four weeks of Advent. This week, we jump back into our Running the Race & SOAP study of Ch. 9 Path of the Righteous - Choosing between two ways. Our verse is Proverbs 3:1-2.

Science: Students are studying molecules, compounds, and chemical formulas. They are also studying the periodic table of elements as part of the unit on Energy in Motion.

Math -Course 1: Our lessons this week will continue to increase student knowledge of division with decimals. Students are also learning to rename fractions to find a common denominator for adding and subtracting fractions. At the end of the week, our lesson is an introduction to the use of Pi (π) to find the circumference of a circle. In addition, we will have a few fun Christmas math projects.

*WATKINS HOMEROOM:
PE is Tuesday & Thursday (Not Friday)

Contact Info:
Mrs. Watkins: pwatkins@ncslacey.org
Mrs. Villena: cvillena@ncslacey.org

6th Gr. News

Friday Folders:
Please remember to return the BLUE Friday Folders by Monday.

Absent or Traveling:
If your student is absent or out due to travel, they need to make-up any missed work. Math assignments are in Google Classroom. Please see Mrs. Watkins for Science notebook cut-outs & notes, when you return.

Grades and Assignments:
Student grades are posted in FACTS and Google Classroom.
