

Mrs. Watkins 6th Grade/Nov.18-Nov.22, 2024

Math & Science

6th Gr. News

Bible: - Next week, we return to our Winning the Race curriculum. Our verse is Psalm 9:1 and students will learn about Praising God. We will return to studying the verse and its application in our lives.

Science: We kicked off our next unit on Matter. We did a demonstration to discover the size of atoms. Next, students will learn the parts of atoms, about elements, and atomic numbers. Students will build a 3-dimensional model of an element as we study the periodic table.

Math -Course 1: Students continue to work with adding, subtracting, & multiplying decimal numbers. Also, converting a percentage to a fraction, and reducing it to its simplest form. Next, they will find a percent of a number. Students will continue to evaluate the new concept of 'squares' and 'square roots'. We will explore measuring & drawing angles with a protractor in Investigation 3.

Friday Folders:
Please remember to return the BLUE Friday Folders by Monday.

Absent or Traveling:
If your student is absent or out due to travel, they need to make-up missed work. Math assignments are in Google Classroom.

Grades and Assignments:
Student grades are posted in FACTS. Please check Google Classroom daily for homework assignments.

*Math Test/Section 4 - on Tuesday, Nov. 19th
