

# January

NCA Mrs. Watkins / January 13-17, 2025

## Math & Science

**Bible:** - We return to the Winning Your Race lessons and will study Proverbs 3:3-4, the Ten Commandments in Exodus, and God Calling Samuel.

**Science:** We will be looking at chemical & physical properties of Matter, the states of matter, and kinetic energy, as we continue to focus on Energy in Motion.

**Math -Course 1:** Daily lessons are back, along with nightly homework assignments. Students are working with decimals and equivalent denominators in fractions.

We will be decreasing the 25-30 minutes of in-class time dedicated to starting homework & students will need to take their math book home each night to complete homework. This helps prepare students for Jr. High Math classes and increases our science lesson time.

### Dream House Project

Students began a packet on designing their dream home, with a floor plan, meeting codes, and planning a budget. The project meets standards for decimals, area & perimeter, and scaled drawings in an exploratory way. This project will be due on Friday, Jan. 17th.

**\*WATKINS HOMEROOM:**  
PE is Tuesday & Thursday & Friday

### Contact Info:

## 6th Gr. News

### **Friday Folders:**

Please remember to read all info & return the BLUE Friday Folders by Monday.

### **Absent or Traveling:**

If your student is absent or out due to travel, they need to make-up all missed work. Math assignments are in Google Classroom. Please see Mrs. Watkins for Science notebook cut-outs & notes, when you return.
