

6th Gr. Mrs. Watkins / April 28 - May 2, 2025

Math & Science

***Students did a fantastic job on their Science Fair Projects. I'm very proud of their inquiry & investigations! The younger grades really enjoyed walking through the displays.**

Bible: We will be using a myriad of devotionals & songs to study Psalms 23.

Science/Health: Students will work on a STEM build project in teams. And they will do a short Health study on personal hygiene - it's the time of year to discuss good washing habits & a magical substance called 'deodorant'!

Math: Math will be a combination of curriculum lessons & fun math projects.

***limited Math homework this week.**

***WATKINS HOMEROOM PE:**

This week - Tuesday & Thursday & Friday
Our PE time on Thursdays has been moved to 1:30-1:55 and after our class goes straight to playground recess. This means students are outside for a full hour - please remind students to have a WATER BOTTLE!

April

6th Gr. News

5.5 Weeks until Junior High!

As we work toward the end of school, there will be many fun activities, sports, and presentations... So it will be important for students to stay focused & on top of assignments to finish well. JH brings new opportunities for leadership & service for students to begin thinking about joining.

TRACK & FIELD SEASON:

I am super excited for all of our 6th grade track & field athletes this year! 1st meet is 4/29 - Go Team Wolverines!!!
