

6th Grade - Mrs. Watkins / May 5-9, 2025

Math & Science

Bible: Throughout the remainder of the year, we will be using a myriad of devotionals & songs to study scripture. This week, we will study Psalms 25, 27, 95, & 96 as prayers for a nation to follow & honor God.

Science/Health: Students will work on recording time, mass, & acceleration by putting weights on cars on a track. We will also begin building Newton's Cradles. This is a very challenging build, which will require much patience!

Math: Math will be a combination of curriculum lessons based on geometry and forming algebraic equations, & some additional fun math projects.

There will be a MATH TEST on Fri. 5/9

*REGULAR Math homework returns this week.

***WATKINS HOMEROOM PE:**

This week - Tuesday & Thursday.

Our PE time on Thursdays has been moved to 1:30-1:55 and afterward our class goes straight to playground recess. This means students are outside for a full hour - please remind students to have a WATER BOTTLE!
