A NOTE FROM THE TEACHER

Greetings, 6th Grade Families!

Our long-awaited Mount St. Helens field trip is coming up next week... and we can't wait! This will be an incredible opportunity for students to see firsthand many of the Earth science concepts we've been studying in class, along with why creation scientists view Mount St. Helens as a "living laboratory." Thank you again to all the parents who volunteered to join us for helping make this trip possible! Students will come home with a handout of important reminders and expectations on 10/24, so please keep an eye out for that.

As we wrap up October, I also want to give a quick reminder about the fact that Report Cards will be sent out shortly after October 31 as we will be at the end of Quarter/Progress 1. We have almost made it through two months of school!

As always, please feel free to contact me with any questions you may have. I hope you all have a blessed week! 😊
