MARCH 2<sup>ND</sup> - 6<sup>TH</sup>, 2026

## A NOTE FROM THE TEACHER

Greetings, 6th Grade Families!

Welcome, March! We are stepping into a new month filled with fresh goals and new learning opportunities. It's hard to believe how quickly this year is moving!

This week, we had such a fantastic time on our Pacific Science Center field trip! It was an exciting and hands-on day filled with exploration, curiosity, and so many connections to our learning.

Students did a wonderful job engaging with the exhibits, participating thoughtfully, and overall representing NCS well throughout the day. It was so fun to see their excitement as they explored science in action!

A huge thank you to our amazing parent volunteers and drivers. Your willingness to give your time (and fight Seattle traffic) made this experience possible and helped everything run so smoothly. We are so grateful for your support!

 — Ms. Herron (Gaby)

## ANNOUNCEMENTS

NCA   
spelling bee

THURSDAY — MARCH 19, 2026

In February, students were sent home with an official list of words provided by the school. We will be practicing these words in class to help everyone feel prepared and confident. Soon, we will hold an in-class Spelling Bee to determine our classroom finalist. Our finalist will then represent our class at the school-wide Spelling Bee on March 19th. We are looking forward to cheering on our students as they work hard and challenge themselves. Good luck, spellers!

**NCA CLASS  
PICTURE DAY**

TUESDAY — MARCH 10, 2026

Please watch for an email order form from O'Connor Photography.

## LEARNING FOCUS

### BIBLE

Winning the Race Unit 4: Weights & Distractions (Lessons 15-21)  
Students are learning how weights and distractions can slow us down in our walk with the Lord. Through Scripture/discussion, they are discovering how to recognize distractions, make wise choices, & keep their hearts focused on God as they continue to run the race faithfully.

Memory Verse | James 1:5-6 • Test on 3/12/26

### ELA

- Research & Expository Writing Unit: Part Two  
This writing unit connects to our current Science Unit.
- Literary Nonfiction Novel Study: *The Finest Hours*

### MATH

- Reviewing mixed multiplication/division facts
- Review days of Saxon Lessons 60-70 & Cumulative Test #12/13

After the test, we will review important past math concepts from our Saxon curriculum that need a little more time and practice. Our goal is to strengthen foundational skills and build confidence before moving on to new material.

### SOCIAL STUDIES

BJU Ancient Civilizations | Unit 3: Ancient Egypt  
Our new Ancient Egypt Unit will begin soon.

### SCIENCE

BJU Science 6 | Unit 3 - Stars & the Solar System

Students will explore God's incredible design of the universe as they learn about the sun, moon, planets, stars, constellations, and other celestial objects. They will study how the solar system is organized, what makes each planet unique, and how stars differ in size, brightness, and distance from Earth.
