MARCH 9TH - 13TH, 2026

A NOTE FROM THE TEACHER

Greetings, 6th Grade Families!

As we enter our second week of March, our class continues to stay busy working through our Expository Writing Unit, which connects closely to our current science studies. Over the next two weeks, students will be finalizing their essays and sharing their learning through informational slideshow presentations with the class.

This is a quick reminder that the Progress 3 grading window closes on March 25th. In the coming weeks, students will be completing assignments and assessments that will contribute to their Progress 3 grades.

Parent-teacher conferences will be held after Spring Break in April. Additional information and sign-up details will be shared as we get closer to that time.

Thank you for your continued support and partnership in your 6th Grader's learning!

 — Ms. Herron (Gaby)

ANNOUNCEMENTS

NCA 
spelling bee

THURSDAY — MARCH 19, 2026

In February, students were sent home with an official list of words provided by the school. We will be practicing these words in class to help everyone feel prepared and confident. Soon, we will hold an in-class Spelling Bee to determine our classroom finalist. Our finalist will then represent our class at the school-wide Spelling Bee on March 19th. We are looking forward to cheering on our students as they work hard and challenge themselves. Good luck, spellers!

**NCA CLASS
PICTURE DAY**

TUESDAY — MARCH 10, 2026

Please watch for an email order form from O'Connor Photography.

6TH grade news

MARCH 9TH - 13TH, 2026

LEARNING FOCUS

BIBLE

Winning the Race Unit 4: Weights & Distractions (Lessons 15-21)
Students are learning how weights and distractions can slow us down in our walk with the Lord. Through Scripture/discussion, they are discovering how to recognize distractions, make wise choices, & keep their hearts focused on God as they continue to run the race faithfully.

Memory Verse | James 1:5-6 • Test on 3/12/26

ELA

- Research & Expository Writing Unit: Part Three
This writing unit connects to our current Science Unit.
- Literary Nonfiction Novel Study: *The Finest Hours*

MATH

- Reviewing mixed multiplication/division facts

We are currently still reviewing important past math concepts from our Saxon curriculum that need a little more time and practice. Our goal is to strengthen foundational skills and build confidence before moving on to new material.

SOCIAL STUDIES

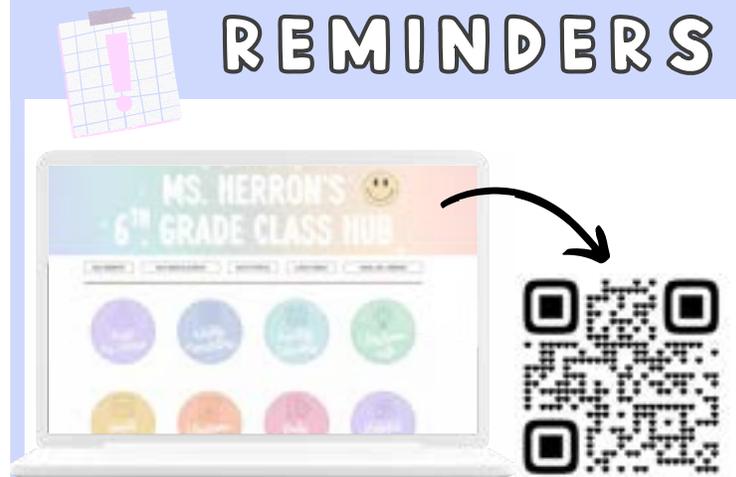

BJU Ancient Civilizations | Unit 3: Ancient Egypt
Our new Ancient Egypt Unit will begin soon.

SCIENCE

BJU Science 6 | Unit 3 - Stars & the Solar System

Students will explore God's incredible design of the universe as they learn about the sun, moon, planets, stars, constellations, and other celestial objects. They will study how the solar system is organized, what makes each planet unique, and how stars differ in size, brightness, and distance from Earth.
