A NOTE FROM THE TEACHER

Greetings, 6th Grade Families!

With May here, please continue to check in with your child about the importance of staying focused and making wise choices during the school day. As we enter the final stretch of the year, many students have been struggling with staying on task and excessive chatting during work time. While we are excited for all the fun activities ahead, it is important that students remember we are still very much in "school mode" and are continuing to learn new material each day. Thank you for your help in ensuring our class has a successful end to our 6th grade year!

As a reminder, we also have two exciting field trips coming up, with permission slips being sent home soon. Please let me know if you would like to volunteer as we still have a couple spots open (especially drivers)!

As always, please feel free to contact me with any questions you may have. Have a great weekend!
